### **Suspending of Trading on Asset Match**

Following the sale of its controlling interest in the Korean Recycling Plant, the Company was obliged to cancel its admission to trading on AIM and its shares have instead been traded on Asset Match. This has provided a trading facility for ZincOx's shareholders. However, the Board now considers that the best interests of shareholders is served by suspending trading on Asset Match.

A full update on the Company's activities and plans for the future will be sent to shareholders in due course.
